ACTIVITIES NOW
AVAILABLE!**

**Kleilat
Arena polo
Quadbiking
and MANY MORE!**

Conferencing is fun at Sondela!

During the month of February the groups and conferences literally burst out of their seams! Sondela was visited by Eskom twice during the month and enjoyed their stay tremendously. The month was also marked with two big launches. Namaqua Wines, that also frequently visits Sondela and launched the Californian Wine - "Barefoot" and also 'Gallo' Brandy. This exclusive function was MC'd by Nico Pangio and was attended by representatives of Namaqua from all over South-Africa. The other launch that took place was that of new ambulances sponsored by Avis and Hyundai to Tromar Ambulance Services in Bela-Bela. The function was attended by 160 guests that are important roleplayers in the community and Province. Apart from Department of Home Affairs, Grant Thornton, Anglo Plat and Tiger Food Brands as well as Standard Bank's Vehicle and Asset Finance had their meeting and annual teambuilding at Sondela. Their three Provinces competed against one another in a relaxed, fun & game teambuilding session playing games like volleyball, soccer and "gatpenny" relay.
